I am a full-time Bachelor-Phd Candidate student(5th year) in School of Computer Science at Fudan University, a member of Fudan Natural Language Processing Group, advised by Prof. Xuanjing Huang and Prof. Xipeng Qiu.

Research Interests

- Formulating text representation learning models as Interacting Systems
- Incorporating inductive bias into neural network.
- Learning transferable, disentangled, interpretable representations.

Education & Industrial Experiences

Academic Qualifications.....

- **Fudan University** **PhD Candidate**
School of Computer Science, Shanghai, 2014–Now
- **Anhui University (Grades: 3.83/4.0, Ranking: 1/380)** **Undergraduate**
School of Computer Science, Heifei, Anhui Province, 2010–2014
- **No.1 High School of Huaibei** **High School Students**
Science Student, Huaibei, Anhui Province, 2007–2010

Academic Activities & Industrial Experience

Invited Talks.....

- **Frontiers in NLP 2018**
McGill University & MILA, 2018/10/8
- **Multi-task Learning for Natural Lanugage Processing**
McGill University & MILA, 2018/4/23
- **Convolutional Neural Network and Recursive Neural Network (the best-loved speakers)**
Summer School on Deep Learning, Chinese Information Processing Society of China, 2016/7/4

Industrial Experience.....

- **Relation extraction system with the distant supervision model**
It has be applied to right recommendation on the page of baidu search engine, 2014/01 – 2014/05

- **Single-relation questions answering system with CNN**
It is a part of Baidu QA system,

2014/05 – 2014/09

Scholarships and Awards

- **National Encouragement Scholarship**
Undergraduates 2010–2011
- **National Scholarship**
Undergraduates 2011–2012
- **Excellent League Member**
Undergraduates 2011
- **Merit Student**
Undergraduates 2012
- **National Mathematical Contest Anhui Division**
Undergraduates 2012
- **Mathematical Contest in Modelling: Second Prize**
Undergraduates 2013
- **VMware Scholarship, CNY 10,000**
award to 3 students of Fudan University 2015–2016
- **National Scholarship, CNY 30,000**
award to 3 students of Fudan University (0.2%) 2014–2015
- **National Scholarship, CNY 30,000**
award to 3 students of Fudan University (0.2%) 2015–2016
- **National Scholarship, CNY 30,000**
award to 3 students of Fudan University (0.2%) 2016–2017
- **Baidu Scholarship, USD 30,000**
award to 10 Chinese students around the world 2016
- **IBM PhD Fellowship, USD 6,000**
award to 80 students around the world 2017
- **Microsoft Research Asia Fellow, USD 10,000**
award to 10 students in Asia Pacific 2017
- **Tencent AI Lab PhD Fellowship, USD 40,000**
award to 5 students around the world. I'm lucky to be the only awarded-winner in Chinese University 2018
